

TO: ALL CLUBS

EFFECTIVE APRIL 1ST, 2010

Just a quick reminder that the new **graduated new member** enrollment fee goes into effect on **April 1, 2010**. Below is a copy of that schedule. **This means clubs will no longer pay a flat fee of \$50 (for KI new member fee).**

The T/O \$15.00 new member fee remains the same throughout the year (no graduation). All fees and dues should still be sent to Kiwanis Int'l.

What you should know:

- The new fee applies to all **existing** clubs in Kiwanis.
- The fee will be based upon the date the new member is entered at Kiwanis. So, if a club sends an “add” in January for someone who joined two months ago, they will be charged the January rate. The graduated enrollment fee brings the member into Kiwanis, until the club is billed for their annual dues.
- The rate applies only to new members of existing clubs. The current rate for charter members of a new club remains in effect (**for TX-OK District it is currently \$65.00 for charter new members – send to Kiwanis Int'l**).

KI New Graduated Enrollment Fees for new members of existing clubs: **Send \$15.00 new member fee along with graduated fee to KI.**
