Kiwanian Transferring from one club to another

1. If the Kiwanian has already been dropped from the club they are transferring from but it has been within 6 months, you just do a New Member Add (online) and put down that they were a Former Kiwanian. An invoice will not be generated and you should collect what is due for local club dues.
2. If it has been longer than 6 months, then you still choose the Former Kiwanian.

If they haven't been dropped yet, then choose the Transferring Member option on the New Member Add form (online) and follow the prompts. **Note: The new member will be charged based on the month of joining based on the chart below.**

Previous Service Leadership Program (SLP) Member

A new member that joins their **first** Kiwanis club that was a member of a SLP (no matter what age they are now or which SLP group they were in) only pay **\$30.00 for two years each year** (\$8 for magazine & \$18.00 for Liability Insurance, and \$4 for D&O insurance) to KI. Both KI & District dues are waived for 2 years. Local club/division dues may still apply. (As of April 2014 for KI & October 2014 for T-O.)

NEW CLUBS – CHARTER FEES

New Clubs – Charter Fees – are the same as New Member Fees as seen above. Depending on when a club charts, that will determine the charter fees.

All clubs are invoiced beginning October of the upcoming Kiwanis year. So, for example, clubs that charter in August, each new charter member will need to pay \$24.50 plus it is probably best to also ask for the next year's dues which will be \$147.00 for a total of \$171.50. Also keep in mind that if the club is going to charge for meals at each meeting, then they should add those costs in as well.
