The statement shall be limited to one side of an 8 ½" x 11" sheet of paper and shall contain complete biographical data and the qualifications of the candidate. The candidate must attach an addendum indicating a willingness to serve, if elected. Upon receipt of such statement of intent, the District Secretary shall advise all clubs in the District in writing that such names have been proposed.
- 17.2. It is recommended that every candidate for the office of Governor-elect of this District confer with the District Secretary in order to become familiar with the functioning and operating procedures of the District.
- 17.3. The District Governor should invite all candidates for the office of Governor-elect to attend meetings of the Kiwanis District Board. No district funds will be expended for these visits.
- 17.4. In the event a member of the Texas-Oklahoma District seeks an International office, an amount not to exceed one percent (1%) of the total budget shall be budgeted for his/her expenses.

18. GOVERNOR-ELECT ELECTION CAMPAIGN GUIDELINES

- 18.1. The desired process for announcing one's candidacy for the office of Governor-elect is as follows:
 - 18.1.1. A prospective candidate shall obtain the endorsement of his/her home Kiwanis club.
 - 18.1.2. The home club then obtains the endorsement of the candidacy from its Division at a Division Council meeting.
 - 18.1.3. After the club and the Division Council have endorsed the candidate, the Lt. Governor of that Division shall file a written statement of such endorsements with the District Secretary and trustee for the candidate's region.
 - 18.1.4. The statement filed by the Lt. Governor is limited to one 8 ½" by 11" sheet of paper and shall contain complete biographical data and the qualifications of the candidate. The candidate must attach an addendum indicating a willingness to serve.
 - 18.1.5. Upon receipt of such a statement, the District Secretary shall enter an item on the agenda of the District Board meeting for its presentation by the candidate's trustee.
 - 18.1.6. Personal biographical data may not be released for media or internet use without written permission of the candidate.
 - 18.1.7. At the District Board Meeting the trustee shall make the official announcement of candidacy and reference the endorsements of both the club and the Division. In the absence of the trustee, a delegate approved by the Governor may make the announcement.
 - 18.1.8. At the discretion of the Governor, the candidate(s) will be given the opportunity to briefly address the District Board.
 - 18.1.9. Because this is important news, it is expected that the next issue of Ki-Notes will cover all candidacies. The candidates may submit for such publication an article not to exceed 500 words and accompanied by a photo suitable for reproduction in Ki-Notes.
- 18.2. To encourage and enable more Kiwanians to seek the office of District Governor-elect, it is strongly suggested that candidates for the office exercise discretion in the expenditure of time and money during their campaign.
- 18.3. It is understood in these policies that "campaigning," while not being limited to, includes the following:
 - 18.3.1. Distribution, dissemination, or display of printed material advocating a candidate;
 - 18.3.2. Distribution, dissemination, or display of pins, ribbons, cards, pictures, or other promotional items advocating a candidate;
 - 18.3.3. Making of speeches or other oral presentations before a group of Kiwanians whether in a committee, club, division, meal, or social setting by a candidate or a representative of a candidate;
 - 18.3.4. Writing of articles for Ki-Notes or other publications by a candidate or a representative of a candidate advocating a candidate;
 - 18.3.5. Appearance at division council meetings outside that of the candidate's own division whether invited or not.

- 18.4. All campaigning outside the candidate's home division is prohibited prior to January of the administrative year of the District Convention at which the election is to be held.
- 18.5. From January until the meeting of the House of Delegates in session at the District Convention, campaigning is permitted. However, it must not be a distraction when the Kiwanis event is not purely or mainly a campaign event. Such distractions, while not being limited to, include the following:
 - 18.5.1. Distribution of campaign materials at individual seats at meal functions prior to the arrival of attendees;
 - 18.5.2. Distribution of campaign materials in a meeting room while the meeting is in progress;
 - 18.5.3. Violations of convention center or hotel rules and regulations concerning the affixing of displays, banners, and posters;
 - 18.5.4. Distribution of materials that are affixed to convention badges;
 - 18.5.5. Distribution at the District Convention of ribbons that can be mistaken for delegate ribbons.
- 18.6. There will be no campaigning whatsoever at the House of Delegates or its immediate access during the District Convention. The Elections Committee will define the area of the House of Delegates and access thereto. This will be announced at the opening session of the convention so that all may know. Further, direct communication will be made to the candidates so that no misunderstandings arise.
- 18.7. There will be no campaign demonstration or disruption during the House of Delegates session either within or without the House of Delegates area, which might interfere with the due deliberations of that body.
- 18.8. Non-compliant materials at a meeting will be immediately removed by the candidate or the candidate's advocates upon notification by the Governor or by direction of the Governor communicated by the District Secretary, District Treasurer, Ki-Notes Editor, Governor-elect, or Immediate Past Governor. If they are not removed in a time frame considered reasonable by the Governor, they may be removed and confiscated.
- 18.9. In the event a violation of these policies occurs, it shall be the duty of the Elections Committee Chair to verbally disclose the violations that have occurred to the House of Delegates at the District Convention for their consideration.
- 18.10. Paid staff, whether salaried or independently contracted, are prohibited from campaigning for a candidate for the office of Governor-elect at any time or place. This includes the staff person campaigning in his/her own club or division. Violation of this policy is a violation of Human Resources Policies.
- 18.11. A present Governor or present Governor-elect shall not campaign for a candidate for Governor-elect outside his/her home division. This includes, but is not limited to, issuing testimonials and making nominating or seconding speeches, nor shall candidates make campaign use of previous testimonials or complimentary letters received from these officers. SLP youth [members of CKI Clubs, Key Clubs, Kiwanis Kids (K-Kids, Bring Up Grades BUG & Terrific Kids) and Aktion Clubs] are prohibited from campaigning in any way for a particular candidate. However, no restriction is placed on their advisors who are Kiwanians.
- 18.12. Other than those mentioned in 18.10 and 18.11 above, no Kiwanian may be refused the right to participate in any campaign. No individual or group of individuals may restrict the actions of a person whose actions are not specifically restricted in this policy. This

policy does not deny any Kiwanian the right to refuse to participate in any or all campaigns.

- 18.13. Each announced candidate shall be provided, at no cost, a campaign booth at the District Convention. If there is more than one announced candidate, booths shall be as similar in size, type, and location as is reasonably possible. Disputes may be settled by a coin toss.
- 18.14. Candidates who follow the normal process of candidacy outlined in 18.1 above will be permitted to address meetings of the District Board, the opening session of the District Convention, and such other occasions as identified by the Governor. They are also expected to be responsive to requests of the District or the Past Lt. Governors Association, if made, to engage in a structured debate with other candidates. The purpose of these opportunities is to outline the candidate's goals and objectives for the District, if elected.
- 18.15. This Policy will be handed to candidates at the time of their announcement at a District Board Meeting. It will also be published in the Ki-Notes released immediately prior to January and the one issued immediately prior to the District Convention. In the absence of the candidate at the District Board Meeting at which the candidacy is announced, this policy will be mailed to the candidate on the next business day.

19. THE GOVERNOR-ELECT

- 19.1. This section is designed to guide both the Governor of the District and the Governor-elect in their relationship with each other and the District. Every effort should be made to establish close harmony between the Governor and Governor-elect.
- 19.2. The Governor-elect shall assist the Governor when requested by the Governor. Expenses incurred in such service shall be reimbursed by the District out of the Governor's budget upon submission of a reimbursement request approved by the Governor.
- 19.3. The Governor-elect shall spend his/her year in office observing and analyzing the training and administrative procedures in use at district, division, and club levels.
- 19.4. The Governor-elect shall observe the performance of individual Kiwanians, having in mind potential talent for service to the District.
- 19.5. The Governor-elect shall attend both the International and District Conventions.
- 19.6. The Governor-elect shall attend all scheduled training sessions of Kiwanis International.
- 19.7. The Governor-elect shall conduct a training and planning conference with the District Chair appointees. Such conferences shall be used to train committee chairs, to schedule district events, to evaluate Service Leadership Programs (SLPs) and Administrators, to set district goals and objectives, and to create a "teamwork" attitude among chair appointees.
- 19.8. The Governor-elect shall conduct one or more training conferences for Lt. Governors-elect. These conferences shall be held prior to or in conjunction with the District Convention.
- 19.9. Funds for reimbursing the faculty and attendees at such training conferences shall be included in the Governor's budget and shall be released by the Treasurer upon certification by the Governor-elect and the Governor. The Governor-elect shall plan and manage these expenditures so as to conform to the district budget.

- 19.10. The Governor-elect shall be responsive to the wishes of the Governor as these relate to the promotion of District goals and programs. The Governor-elect has no authority over incumbent Lt. Governors, Trustees, District Chairs, or District committee members, and he/she shall respect the functions, privileges, and obligations of the District Governor.
- 19.11. The Governor-elect shall be particularly active in the SLPs area immediately upon assumption of office. Attendance at SLP board meetings, activities, and conventions is desired.
- 19.12. It is recommended that the Governor-elect, immediately upon taking office, become involved in an understanding of the District budget. Immediate planning for the functions and items envisioned in the Governor-elect section of the budget is highly important. It is further recommended that thirty (30) days prior to the first meeting of the Kiwanis District Board (Convention District Board meeting) the Governor-elect should submit to the Chair of the Committee of Past Governors and to each Past Governor a copy of the proposed budget for the coming administrative year. All comments and suggestions concerning the proposed budget will be discussed at a regular meeting of the Past Governors at the District Convention. The Chair will then notify the Governor-elect of these comments or suggestions prior to the first meeting of the newly elected Kiwanis District Board (Convention District Board meeting).

20. DISTRICT PROJECTS

- 20.1. No committee or organization shall promote or conduct a District Project (on a voluntary basis or otherwise) without prior approval of the Kiwanis District Board.
- 20.2. "District Project" is defined as any activity conducted on a District-wide basis by a Committee, Region, Division, Kiwanis Club, or outside organization in which the word "Kiwanis" is used in its promotion as a part of the name of such activity.

21. CONVENTION SITE CRITERIA

- 21.1. The invitation by a Kiwanis club for holding an annual District convention in its city shall be extended in accordance with the District Bylaws. The Kiwanis Club must express a willingness to assume the operating responsibility for the Convention under the direction of a Convention Committee Chair, designated by the Governor, in accordance with the District Bylaws.
- 21.2. The criteria designated in Section 21.2,1 thru 7 must be met for an invitation to be considered by the Kiwanis District Board.
 - 21.2.1. First class housing.
 - 21.2.2. A facility with adequate seating for anticipated attendance. The facility should be equipped with necessary audio/visual facilities for conducting meetings.
 - 21.2.3. Adequate space to enable all Divisions to hold caucuses concurrently.
 - 21.2.4. Banquet facilities for seating and serving the highest number of expected attendance. Banquet facilities should be equipped with necessary audio/visual facilities for meetings during banquets.
 - 21.2.5. Banquet facilities for seating and serving luncheons for other occasions, including spouse's functions.
 - 21.2.6. An appropriate facility in which to conduct a Memorial Service.

- 21.2.7. Adequate space shall be provided for registration activities and for displays of District Chairs, selected vendors, candidates for Governor-elect, future convention sites and various fund-raising projects.
- 21.3. Specific sizes of the facilities referred to in policy 21.2 shall be by directives from the Meetings Coordinator and Convention Manual.

22. REGION COUNCILS

- 22.1. The purpose of the Region in the District is primarily administrative and not legislative. The dividing of the District into Regions further promotes the administration and education of Kiwanis clubs and members. A Trustee is elected to assist the Governor in each of these Regions. The Regions of the District are not additional organizational units, but simply an administrative area in which the Trustee carries out his/her duties of assisting the Governor. Trustees are officers of the District.
- 22.2. Region Councils, composed of representatives of the clubs in the Region, may be convened informally by the Trustee for the purpose of discussion, consultation, and coordination of Kiwanis programs and activities between the clubs of that Region.
- 22.3. The objectives of the Council are to promote cooperation between the clubs of the Regions for the exchange of ideas and sharing and cooperating in Kiwanis projects without infringing upon the authority of the clubs or the Lt. Governors, or the Texas-Oklahoma District as Kiwanis entities and to provide leadership, education, and cooperation between the clubs for promoting programs of the Texas-Oklahoma District and Kiwanis International.
- 22.4. The number and place of meetings shall be determined by each Council according to local requirements. It is recommended that at least one meeting be held each year, and whenever feasible, additional monthly meetings may be held. The presiding officer of the Council shall be the Trustee, and in his/her absence, the Trustee may appoint one of the Lt. Governors in the region to preside.
- 22.5. The agenda for a Council meeting should be similar to a Kiwanis club Board of Directors meeting with appropriate opening and closing. The program of the meeting may include discussion of Kiwanis Action Committees. A Region Council may, with the full cooperation of the leadership of various clubs, reach decisions for the mutual benefit of all in the Region. (Such decisions may require the clubs to be asked for some financial support on a voluntary basis). The Council shall have no formal dues structure. No club in any Region shall be obligated by any action taken by a Region Council. The leadership of the Council will be reflected in understanding the abilities of the clubs to participate and in obtaining the cooperation of the clubs in sharing in the cost of the Council and in programs on a voluntary, cooperative basis.

23. DIVISION COUNCILS

- 23.1. The purpose of the District in Kiwanis is primarily administrative and not legislative. The dividing of each District into Divisions further promotes the administration and education of Kiwanis. A Lt. Governor is elected to assist the Governor in each of these Divisions. The Divisions of the District are not additional organizational units, but simply an

administrative area in which the Lt. Governor carries out his/her duties of assisting the Governor. Lt. Governors are officers of the District.

- 23.2. Division Councils, composed of representatives of the clubs in the Division, may be convened informally by the Lt. Governor for the purpose of discussion, consultation, and coordination of Kiwanis programs and activities between the clubs of that Division.
- 23.3. The objectives of the Council are to promote divisional cooperation between the clubs of the Division for the exchange of ideas and sharing and cooperating in Kiwanis projects without infringing upon the authority of the club or the Texas-Oklahoma District as Kiwanis entities and to provide leadership, education, and cooperation between the clubs for promoting programs of the Texas-Oklahoma District and Kiwanis International.
- 23.4. The number and place of meetings shall be determined by each Council according to local requirements. It is recommended that at least four meetings be held each year, and whenever feasible, additional monthly meetings may be held. The presiding officer of the Council shall be the Lt. Governor, and in his/her absence, the Immediate Past Lt. Governor shall preside. At the first yearly meeting of the Council, a Division Secretary and Treasurer may be appointed by the Lt. Governor with the approval of the Council members.
- 23.5. The agenda for a Council meeting should be similar to a Kiwanis club Board of Directors meeting with appropriate opening and closing. The program of the meeting may include discussion of Kiwanis Action Committees. A Division Council may, with the full cooperation of the leadership of various clubs, reach decisions for the mutual benefit of all in the Division. (Such decisions may require the clubs to be asked for some financial support on a voluntary basis). The Council shall have no formal dues structure. Many Divisions have a voluntary assessment agreed to by all clubs for the Lt. Governor's administration of the Division. No club in any Division shall be obligated by any action taken by a Division Council. The leadership of the Council will be reflected in understanding the abilities of the clubs to participate and in obtaining the cooperation of the clubs in sharing in the cost of the Council and in programs on a voluntary, cooperative basis. Each Division should formulate written "Operating Procedures" as guidelines for the operation and continuity of its Division Council. The "Operating Procedures" shall be in close harmony with the Bylaws and Policies of Kiwanis International and the Texas-Oklahoma District.
- 23.6. The Division Council is not to be confused with the Division Election Conference. A formal meeting of the Division Council is required in fulfillment of the requirement to hold a Division Election Conference. (See Bylaws, Article VII Section 5 a)

24. BUDGETING

- 24.1. The budget of the Texas-Oklahoma District of Kiwanis International shall be the primary financial planning document of the District. No expenditures shall be made without there being budget authority available for that purpose.
- 24.2. It shall be the responsibility of the Governor-elect to initiate preparation of a budget for the year in which he/she shall serve as Governor. Said budget shall be available for adoption at the Convention Board Meeting.
- 24.3. To prevent the requirement of fund disbursements without proper budget authority, it is recommended that an amount be budgeted as a "contingency item" in the Governor's

section of the budgeted expenses. Such items may necessitate a budget amendment at the next District Board meeting.

- 24.4. Amendments to the budget may be accomplished by simple resolution of the District Board. Although budget formulation is the direct responsibility of the Governor-elect, he/she may delegate authority for its preparation to the Treasurer and District Finance Committee. Such Committee shall consist of three members (one to be the chairperson), each possessing professional knowledge about budgeting and accounting.
- 24.5. The person or committee designated by the Governor-elect to prepare the budget should assist the SLPs Administrators in the preparation of the SLPs budgets to be presented to the District Board for approval.
- 24.6. The budget document shall be prepared on the cash basis of accounting and shall include estimates of revenues to be received and expenses to be paid in sufficient detail that the District Board may evaluate and assess the propriety of the revenue estimates and the adequacy of the estimates of expenses to accomplish the programs and operation of the District. The budget document shall also include estimates of the changes expected in the investments of the District and of its fund balances.
- 24.7. The section of the budget that deals with the personnel will control amounts to be paid for salaries, rent, equipment, etc.

25. ACCOUNTING

- 25.1. The fund balances of the District shall be the General Fund Balance, the Equipment and Repairs Reserve Fund Balance, and the Convention Fund Balance.
- 25.2. The General Fund Balance shall be the unrestricted net assets of the District. It represents the accumulation of the net operating result of all the preceding years. Ten percent (10%) of the amount of this Fund Balance at the beginning of an administrative year is available for operation of the District.
- 25.3.
- 25.4. The Convention Fund Balance represents the accumulated net convention results from previous years. A floor of \$15,000 is established, and the Fund Balance will be replenished at the rate of 30 cents per member from members' dues if the balance falls below \$15,000. This policy now also establishes a ceiling of \$30,000 on the Convention Fund Balance. Any excess accumulation over \$30,000 as of October 1 will be transferred to the unrestricted General Fund Balance. Interest earned on Convention Fund Balance assets is to be considered operating income available to the current year's operations. Ten percent of the October 1 Convention Fund Balance is available for use by the District Convention Committee and the Governor in stimulating attendance at the District Convention. This 10% must not, however, cause the Fund Balance to sink below the \$15,000 floor. The results of the effort to increase attendance will be covered in the Convention Report filed with the District.
- 25.5. The accounting records of the District shall be kept on the cash basis of accounting.
- 25.6. For such accounting records that are maintained on a computer, there shall be established a regular, systematic backup of such computer records.
- 25.7. The transition from the administration of one Governor to the next shall not interfere with the orderly and regular recording of the transactions of the District. There is no

need to hold the accounting for one year open while the next year is beginning. Likewise, there is no need to open new bank accounts or investment accounts for the new administration.

- 25.8. District financial statements should include a statement of assets, liabilities, and fund balances as well as a statement of revenues, expenditures, and changes in fund balances. The general fund balance, furniture and equipment replacement fund balance, and the convention fund balance should be separately stated on both statements.
- 25.9. The statement of revenues, expenses, and changes in fund balances should be in comparison with the latest approved budget with differences for each line item shown.
- 25.10. Financial statements of the Kiwanis District and the SLP Districts should be presented to the District Board, the Past Governors, the Finance Committee, the District Office, and such others of the Governor's choosing, at least ten days before each Kiwanis District Board meeting.
- 25.11. Responsibility for preparation and submission of the financial statements shall be that of the District Treasurer working with SLP Treasurers. They should be prepared and reviewed on a monthly basis.
- 25.12. Final Kiwanis District Convention financial reports should be available in the District Treasurer by September 30 each year.
- 25.13. Financial statements shall be reviewed annually by a CPA firm and available to the District Board by January 31 each year.
- 25.14. All checks require two signatures. The people authorized to sign checks will be approved by the District Board. It is contrary to good accounting control and to the policy of the District for the Treasurer or any other person authorized to do so, to sign checks in advance of their preparation or without the availability of supporting documentation such as invoices, expense reports, etc. No District Officer shall be a signatory to a check reimbursing his/her own expenses. Debit cards will not be used by the District. Users of credit cards issued to the District must be approved by the District Board with the limit on the credit card. Someone other than the holder of the credit card will approve payment for the monthly statements for the card.

26. RELATIONSHIP WITH INTERNATIONAL PRESIDENT AND INTERNATIONAL REPRESENTATIVE TO THE DISTRICT

- 26.1. The District Governor shall be responsible for all arrangements and hospitality for the International President and the International Representative to the District, except as otherwise stated in these Policies.
- 26.2. The District Governor, assisted by the host Trustee and host Lt. Governor and others whom he/she may choose to appoint, shall make plans and arrangements for any visit of the International President to the District.
- 26.3. A sum not to exceed \$300 shall be allocated from the fees charged for meeting and /or from the District treasury, to purchase a suitable memento to be given to the International President on the occasion of his/her visit to the District. The District Governor shall be responsible for purchasing this memento and making an appropriate presentation.

- 26.4. A sum not to exceed \$300 shall be allocated from the fees charged for the convention and/or from the District treasury to purchase a suitable memento to be given to the International Representative on the occasion of his/her visit to the District. The District Governor shall be responsible for purchasing this memento and making an appropriate presentation.
- 26.5. If a club, Division, or Region invites an international Trustee or International President to their event they should be prepared to cover all costs for the person they invited.

27. CONTROL OF MAILING LISTS

- 27.1. Information contained in club, Division, Region, District, or International directories shall not be used to circulate to other organizations for the purpose of commercial circulation or solicitation.

28. ATTENDANCE AND INTERCLUB REGULATIONS

- 28.1. Regulations concerning attendance, make-ups, and interclubs shall follow the policies defined by Kiwanis International.

29. DISTRICT PERSONNEL AND PROCEDURES

- 29.1. The Governor, the Governor-elect, and when appropriate, the Administrative Coordinator , and such other persons as the Governor deems appropriate will constitute the District Personnel Committee. The Committee is responsible for advertising for a vacant position, accepting applications, interviewing applicants, selecting employees, and administering the District Human Resource Policies Manual, which is an integral part of these Policies.
- 29.2. District Personnel are employees or independent contractors which include the Administrative Coordinator, a Meetings Coordinator, and any such other individuals as may be deemed necessary. These individuals may be either employees or independent contractors as agreed upon by the Governor, and the Governor-elect.
- 29.3. The Administrative Coordinator shall maintain the District spaces. Further definition of the functions of the District under the supervision of the Administrative Coordinator is written in the District Human Resource Policies Manual.
- 29.4. The Meetings Coordinator serves in accordance with the provisions of the signed contractual agreement for his/her services or in accordance with the signed employment contract, whichever is applicable. Said contract should refer to the District Human Resource Policies Manual where the duties of the Meetings Coordinator are specified.
- 29.5. The Governor, with the consent of the District Board shall have the authority to remove the Administrative Coordinator , or any other employee, at any time that he/she feels that person is not carrying out assigned or contractual duties.
- 29.6. The salary or contracted amount to be paid to the Administrative Coordinator shall be reflected in the budget adopted by the District Board at the Convention Board Meeting.

- 29.7. The Governor, as the Chief Executive Officer of the District, in consultation with the Governor-elect, shall have final authority in all personnel matters.
- 29.8. The Governor and the Administrative Coordinator shall determine the need for additional employee(s), with the salary to be determined at the time of employment and within budgetary constraints.
- 29.9. When the Administrative Coordinator is traveling with the Governor or Governor-elect on District business/activities, all expenses shall be paid by the District.
- 29.10. The District shall provide medical insurance for full-time employees or compensate such costs through salary as detailed in an employee contract and reflected in the operating budget.
